Once skeptical, Vietnam vet now calls this a **Win, Win** situation

Hi Gary: I have been in YMMSS for 15 months. Like most people I was skeptical. So I started out with \$40 per month purchase to test and see if YMMSS worked. At that time YMMSS was cycling around 45 days. So after seeing my purchases double and now getting Paid \$320 from those purchases, this business model works and has proven that it works!

I can Honestly say I have been Paid every cycle 60-90 days. So after evaluating the program for 6 months I decided I wanted to quit my JOB and work from home. So I have been purchasing 8 EPC's \$80 weekly. This is a Great way to advertise my other programs and get Paid to advertise so it is a Win, Win situation for me.

I will be working Full time from home by Dec. 31st of 2004

Thanks to YMMSS!
