Folks, I started YMMSS with \$10 in June 03. I was dead broke, unemployed and wondering where the next dollar was coming from.

YMMSS has changed all that. Thanks Kim.

*I have been paid over \$15,000 since March-04
From July -August, I will be paid \$15-18,000 every
60-90 Days. This year I'll earn \$50k plus from YMMSS.
Next year.. A Six Figure Income.
Retirement here I come. God Bless , Michelle.*

YMMSS

I searched the internet looking for a home business that would give me a degree of independence in life as well as financing my Christian Medical Missionary work.

All seemed like the proverbial pyramid with those at the apex reaping the benefits from the struggling base until an email arrived in my inbox promoting YMMSS, Your Money Machine Success System.

In essence it read; subscribe \$10 and we'll double it every 60-90 days until it reaches a recurring income of \$320. Sounded Good. Real Good !

The YMMSS home page is rich with frank, honest testimonials bereft of hype .

I tested the system with \$10. It cycled (doubled) in 40 days. Just about fell off my computer chair in surprise and delight.

It's life, isn't it ! The best things are right under your nose while you are chasing around trying to find them.

With very little hesitation I paid up for \$10 weekly. There are several different subscription combinations one can choose.

Start With \$10 And Double Your Money Every 60-90 Days reaching \$320 recurring in 6 cycles... ie. ... \$10=20=40=80=160=320=640. \$320 goes back into YMMSS to be reinvested for your next cycle in 60-90 days. Perpetual motion.

Don't mess around wasting \$20 here and \$30 there on highly sensationalised home business claims, put the money into YMMSS and commence the journey to financial independence. [Int Gold Link](#) [Stormpay Link](#)
