In the words of John Woodworth (fellow **YMMSS** member):

"YMMSS is a perpetual cash machine"

*You could'nt have said it better John!!
Your friend...Steve.*

I am 37 years old now. I don't want to wait until I'm 65 to retire because I won't have the same health.

So, my first goal is to retire from the "ratrace" by Christmas of this year (2003).

I am very proud to tell you all that my life is no longer controlled by a company.

As from the 26th of September 2003, I am now retired from "wage slavery". I am free to do as I please from now on.

YMMSS has made this possible.

Thankyou Kim & Sue

Welcome to my YMMSS "Stats" site.

I am keeping this site updated with everything that goes on in my YMMSS account.

WHY?

Mainly to prove to you that this is one of the best "Wealth-Building" programs on the Internet today.

I joined YMMSS back in September 2002. I purchased just one EPC at \$10, just to see if I could make any money with this system. Now that \$10 purchase is worth \$320.

YMMSS has now proved itself to be a complete success and it is down to the pure dedication of the two people that made it all possible:

Kim & Sue Inman

The table below shows every purchase I have made from **10th September 2002 to 2nd April 2003** plus the commission value on each purchase (including payments).

Since the 11th of May 2003, YMMSS has not cost me a penny out of my own pocket. I have just retained some of my commission in my Intgold account, to cover the cost of future purchases. So now, YMMSS is totally **FREE**. It just keeps getting better !!

Stephen Fitzsimmons

I have stopped updating this table because I am running out of space on the page. The six purchases that you see below have now developed into eleven, separate income streams of \$320 payments. That's the power of YMMSS.

However, you can monitor the progress in my \$40/week program by clicking the link below. *Stephen Fitzsimmons*
