What **members** say about YMMSS - page 1 [2](#)

From Dead Broke To Flush In 280 Days:

Hello all. I joined SFI in Jan 03 (Six Figure Income), a money drain that works for some ... Noni... not much success (it would probaby work for some, but you need time and money and...and...) and a few other MLM's with ways to spend money.

I was of the opinion that Internet business success was for a very select few.

I am a Christian Medical Missionary and money is not important to me for worldly comforts, but it will help a lot of people in Africa and India. Not all, but in the power of God a few people can change lives.

This is primarily why I am with YMMSS, Your Money Machine Success System.

I need to be right with God in all that I do..ie nothing shonky, nothing that will hurt others or cause them financial pain ..Kim Inman is of the same mould, he has integrity.

This type of person is hard to find in normal life, let alone in the fast world of internet business.

I went looking for all the other Home bizz opportunities, but YMMSS came looking for me, ie. I received an email about it from a really nice, genuine man whom I hope to meet one day named John Woodworth.

A bit dubious, I started with \$10 and then \$20 back in June '03.

My first \$10 doubled to \$20 in 40 days. That got my attention.

The \$10 is now \$160 and the \$20 is now \$320.

With little hesitation I wrung \$3,000 out of my credit card and purchased more EPC's.

I have seen enough now to convince me that Your Money Machine Success System works.

I believe the Lord has provided a safe, honest way for me to finance our ministry, to feed and clothe and house people in 3rd world countries.

I have spoken to others in YMMSS. Their testimonies all agree. As their EPC (position) pushes up to the top and cycles, they get paid.

Steve Fitzsimmons in Ireland has been paid \$16,000.... he now gets more than this as he adds positions.

The same can be said for **Graham Christie** in New Zealand, **Steven Rose**, **Mary K**, **Zertashia Masood**, **Mike Hamilton** and so many others.... it works...it's a financial ladder... Perpetual Motion.

Kim's strategy of allowing the position to cycle (keep doubling, up to \$640) and paying

the member half and keeping half for their next cycle in approx 60-90 days means that there is always money in the kitty.

And now, YMMSS is about to take this to the world and the incoming funds will drop those cycle times again.

All up I have about 60 positions in the database.
ie.. 60 times \$320 recurring every 60-90 days when they mature.

I have paid about \$3,500 into YMMSS over an 8 month period.
My first pay in late Feb early March 04 will be US \$6,400.

The next cycle in 60-90 days will more than double that as my \$10s and \$20s and \$40s from June onwards mature to a recurring income of \$320.

From then on, I expect to receive \$12- \$15k every 60-90 days and more as added positions mature.

I will, of course, as will others, pump money back into YMMSS to keep it plump.

This is why YMMSS is different. It's our livelihood. We will look after it.

Nothing in life is a 100% guaranteed except taxes, death and an eventual meeting with our creator to answer for how we have lived our lives on this earth, but YMMSS looks the best Internet Net option for me.

God Bless To You.
See you in YMMSS

Kim,

On November 26th, my purchase of \$320 from October 6th cycled. I received \$320 in my INTGold account and had \$320 repurchased for me. This repurchase should give me another \$320 in my INTGold account in another 45 days! [*Please note: Cycle times vary from 60-90 days, sometimes less - Gary.*] In addition, I have used the \$320 I received to begin making \$40 a week purchases. Along with the \$10 a week purchases I have been making since August 31st, I hope to begin receiving weekly \$320 payments by the beginning of June 2004!

I originally was sitting on the fence as to whether to join YMMSS or not. Reading the info on the web site, it seemed so simple that I thought I had to be missing something or there was some catch. I e-mailed you and a member listed on your Testimonial page, Michael Hamilton. Both of you replied promptly and convinced me that I wasn't missing anything and that YMMSS was for real. I can not thank either of you enough...I have not been the least bit disappointed. Seeing the success stories of Stephen Fitzsimmons and Graham Christie only solidifies the faith I have in this program.

As many of us know, very few programs on the Internet can guarantee income. This is indeed one of the few. Nearly everyone in YMMSS has lost money in other programs, but I have yet to hear ONE negative comment from anyone about YMMSS. This is almost unheard of, because if you fail to deliver on the Internet, people will get the word out all over the world wide web quickly.

I know you and Sue (as well as some of your other family members) have worked many hours in the past to make YMMSS successful and continue to make this your life's work. I have told my friends and family about YMMSS and hope to do more to help all of us make more money.

Please feel free to use any of my comments on your testimonial page. In addition, if any

prospective members have questions, please have them e-mail me on my personal e-mail address, qwest1@[delete]comcast.net. Thanks from the bottom of my heart for everything; keep up the great work!!!

After extensive due-diligence, we believe in Kim's (admin) leadership and the current members understanding of YMMSS being a business building/recurring income program leading to a lifetime residual. We purchased 8-\$320 pkgs total, from Jan 07-12 to help fuel the cause. Newbies rocking the house!

I scarcely know where to begin when expressing my feelings regarding what YMMSS has meant to me this last year. Actually, I believe I have been involved for almost 8 months now.

Kim, your program, managed by your integrity and fueled by Faith has truly changed the course of my life, and I say that not because I have amassed a fortune (yet) but because you have restored in me a great sense of hope for the future.

Until I found YMMSS, and subsequently proven by personal research, there is likely no other program in the arena of Internet Marketing that would have allowed me the freedom to develop my newsletter, **The AFD Advocate**, which is designed to assist the many thousand disabled, injured, and legitimately unemployed people in this country.

You see, from the beginning, I had no doubts about either you or the company. It was clear from the start, as they say. So, I continued my research toward finding legitimate income generating programs for others to pursue, all the while knowing that in 18 months, things were going to be different. And here it is, only 8 months into it, and I am already being paid! All those who benefit from my newsletter will owe you a great debt of gratitude. From the hand of the one, to the hands of the many, back to the hand of One.

As my YMMSS tree comes to fruition this coming year, I find myself getting excited at different times during the day; an excitement I have not known for many years. It fills me with joy to know that I will be able to take care of my family financially. As you know, Kim, **I am disabled with neurological difficulties, and have been a slave to the Government's Social Security Disability program for five years.** This disease ruined me financially. I owe several hundred thousand dollars in medical bills. As a chronic pain patient, I think about this a lot, and worry about how that will ever get paid. Then, a sudden warmth comes over me, and I realize that everything is going to be OK. I never thought I would come to feel that again. How do I thank you for that?

Then, I realize how much I can do in my advocacy efforts for others. The virtue of having enough money to make good things happen for people has been my dream for many years. I have helped many people over the years, and look forward to helping many more with a hand-up, not a hand-out, and being able to make it happen for more than one person at a time. I am overwhelmed as the dream is turning into the truth. It's like going through a metamorphosis. How do I truly express my gratitude to you for your part in making all this happen?

And, finally, the people I've met through this long YMMSS connection! Graham Christie! I can't wait to meet you. Stephen Fitzsimmons, Jim Vosseller, Michael Hamilton, Susan Critelli.....where could be possibly find which is equidistant from our respective world locations? I know....we can meet on the Island of Mauritius, east of Madagascar.....home of the Ultimate Marketing Center, my technical savior and Webmaster friend, Kavi. Tropical paradise.

I guess, Kim, there is no way of bringing all this together any better than by saying that it was meant to be, and that it was clear from the start.

Blessings!

Your Friend,

John Woodworth

Hello Peta, I smiled when I read your letter to Irma and Kim. My husband said the exact same thing when I began with YMMSS. Now, after showing him all of the testimonials I see every day and I have even spoken with Kim on the phone, my husband might be even more excited about this program than me (if that is possible!) My husband is the great mathematician in this family and he is already sitting with the calculator, figuring out how we will begin buying more and more positions, as we start getting our commissions!

I have left Corporate America and been struggling to find a way to earn money from home for a year or so. Now I have found the answer to getting a second income at home... Instead of worrying all the time, I am now beginning to have a great sense of security for our future. It is a wonderful feeling!

I also say to Irma----HANG IN THERE!!

To our success!
Toni

Gary,
I would be flattered for you to use my emails in your newsletter! I enjoy this discussion group so much and finally have people that have been down the same road that I have and can relate to my story. My husband and I are so excited about YMMSS and the prospect of being able to really help our children and grandchildren. It is just wonderful to know that our battle has finally been won and soon we will be able to sit back and enjoy!
You absolutely have my permission.

Since 9/6/03, date of which I purchased my first EPC of \$10, YMMSS has paid me \$5,800.00 in commissions.

I'd have to say, no more than...WOW!! That's pretty amazing folks, and I'm sure you'll ALL agree!

If you've noticed, Kim, has been concluding all his messages to us with "2004 is YOUR year!"

It so happens, that Kim is precisely right.

I've been purchasing 1 EPC weekly since 9/6/03 and some random purchases here and there of 2 EPC's and 32 EPC's at a time.

This is all it takes folks...being consistent. Like Kim continuously reminds us, it's not a matter of how long the cycle times are, but a matter of how many places/purchases you occupy within a cycle. One day, each and every one of those places/purchases will reach \$320. So, bottomline, try to occupy as many places as you can within a cycle.

According to my calculations, by December of 2004, I forecast to be making \$70,000.00 per cycle.

Thank You Kim and Sue for such a wonderful opportunity!

To our success with YMMSS!

Here's to MORE in 2004!

Be well and wealthy,

Graham and Susan Christie from "down under" in New Zealand here.

This is a message for all members and prospective members of YMMSS. We all know that there are very few good businesses out there on the Internet and any get rich quick scheme is usually 'too good to be true'..

In September 2002, we found YMMSS and paid \$10 for 1 EPC to try it out. Meantime our computer crashed so all the information was lost. In February 2003 we discovered that **the \$10 purchase was worth \$40**, so obviously YMMSS now had our attention.

Since February 2003, we have built up a strong working relationship with Kim Inman, the founder of YMMSS. We have personally found Kim to have **the utmost honesty, integrity and Christian principles**. Kim has always been open to listen to the views of fellow members.

One of the strengths of YMMSS is Kim's **open book policy**. You can track your progress so you know approximately when your commissions are due. You can see the progress of other YMMSS members and their level of commitment. You can repurchase with your commissions to double your money again, or just put half back in so you get a recurring income at the level of your choice. You can also communicate with other members through our safelist discussion groups.

As our member numbers continue to grow, there will be many other opportunities to increase the number of income streams to fund the accounts payable pool, from which commissions are paid. **Large corporations will be lining up to be able to advertise their commodity products to our safelists**. We believe that Kim's company, Success Through Advertising, based in Belize will be around for the long haul and the members of YMMSS are our greatest asset.

It is not in our nature to go boasting about what our income has been from YMMSS, however we believe that it is important to give you some details of our actual returns, to give everyone encouragement to continue with this program.

We have been purchasing multiple EPC's on more than a weekly basis since March 2003, and as at February 1, 2004 we have total of 59 positions on the YMMSS database spread over 3 different Christie accounts. Plus we have members of our family who have who have purchased multiple EPC positions.

Kim has paid over **US\$20,000** to our 3 accounts since the end of June 2003. In January 2004 we had 17 x 32 EPC purchases cycle for an income of US \$5440. 7 extra 32 EPC purchases were made from this income in January.

Due to the **outstanding results** from YMMSS, I (Graham) was able to write to the

NZ Accident Compensation Commission (ACC) and inform them that further financial support for a back injury was no longer required from November 1. At the same time we doubled our tithing to our church and NZ Christian radio network. As a result the back injury is now a thing of the past, and we really have been blessed financially. Last month we were able to sponsor a child in Honduras with World Vision so we give all the praise to God. The Bible says "I will restore all the years that the locusts have eaten". And this is certainly proving to be true for us.

Susan gave notice on December 1 from her full time teaching job although in the short term she has chosen to stay on in a part-time capacity. We now have the freedom with YMMSS to go wherever God guides us, and we will say a big AMEN to that.

We would encourage you all to purchase as many positions as you can for this year. It is from our personal experience and Kim's advice that this is the key to your success with YMMSS.

God Bless
