"The most EXCITING income opportunity on the internet"

What members say about YMMSS

Hi there,

I want to share my opinion of Mr. Inman. First of all, I don't think there could be a more honest man than Kim! Kim answered a lot of questions from me when I first became a member, he was always very polite and answered every question for me. YMMSS gives what it promises. My money doubled the first time in only 35 days! My money has continued to cycle several times since then. I think YMMSS is a wonderful opportunity for all of our futures. I don't think it could be run by a better man. Kim is honest and he delivers what he says he will. I have been in a lot of programs and have always lost money.

YMMSS is the ONLY solid program that I have found on the internet. Your money is safe here as well as your future. YMMSS is a gift from God and couldn't be run by better people than the Inman family.

I have been Internet marketing for close to 4 years now, and though I have made a lot of money online, I have also wasted more money that I care to think about. Like most everyone here, I have been chewed up and spit out by more so-called money-making opportunities than you can shake a stick at.

I first came upon YMMSS back in June of this year, and the moment I saw it, I knew I had found something totally unique and wonderful. I had questions about how the system worked, and Kim always answered them right away, and went out of his way to make sure that I understood

everything. This boosted my confidence in the program so much that I decided YMMSS was the best thing I had ever come across, and it became my mission to tell as many others about it as I possibly could.

To me, YMMSS is very simple. It is the only program needed for wealth generation. If someone does not have \$10 that is one thing, and anyone in YMMSS for any length of time can benefactor anyone in with just \$10. Once they are in profit they can do the same thing. If we had banks that paid out once a year, or even once every two or three years, DOUBLE what we deposit, we would never look back (before YMMSS!!)

The cheapest move in the world is to forget everything else and go YMMSS. With the extra time, have a life.

I would like to share my good fortune with everyone. **I have been on SSA disability for almost 15 yrs.** Since I found YMMSS, I can feel like a productive person again, and cease my benefits. I am so happy and blessed for what Kim and Sue has graciously shared with all of us, that being YMMSS. I can vouch for my good fortune that it is a dream come true. There is not a day goes by that I do not share this with friends and family and try to convince them what a great program it is. I thank you both (Kim & Sue) from the bottom of my heart.

I have been with YMMSS since July 6, 2003. I have been paid 68 times and received in commissions \$21120.00 as a result of my purchases of EPC's since September 3, 2003.

There is not another program that can beat YMMSS!!!! So don't worry about the cycle time it will correct itself as time goes along and will drop back down again. Spread the word to everyone you know as I do, plus it is a wonderful way to get acquainted and make new friends. This program will build a future for everyone. So Kim and Sue, keep up the good work, and God bless you both.

As far as giving you a testimonial for YMMSS---I have not been in long enough to get my big pay out yet, but my husband & I have saved enough to get 32 EPC's and that is why I had the question about IntGold. I will say that I do completely trust Kim & Sue Inman and this program. I have been in MANY of them and they have always fallen apart. It is very frustrating, not to mention that I have lost a tidy sum of money when the failures occurred!

This program is so different from any other I have seen and the folks connected with it are the kindest and most honest people, it is just refreshing to be a part of it! My husband and I are hoping to help fund our retirement with this program and I KNOW it will happen!

There is no need to sponsor! Everyone gets paid.
Isn't this the simplest thing you ever heard of?

If you have heard of 'other programs' similar to this, be advised!! YMMSS was the FIRST AND IS THE MOST STABLE program that exists.

I can tell you from my experience that this does work!

I now have 30 positions (and growing) as of 1/22/2004 that pay me \$320.00 per cycle. YOU do the math!

You can purchase as many positions as you can afford up to \$320 per day. But remember, **\$10.00 a week will get you \$90,000 a year in less than 550 days.**

Can you beat that?

Stephen, you made your first YMMSS purchase when?

September 10th
2002 for \$10.

You live in N. Ireland?

Yes.

You'd been in YMMSS for how long before it funded your retirement?

My monthly wage at work was £680. In September 03, YMMSS was bringing me in more than twice that amount per month. That's why I decided to take a leap of faith and jack in my job... I haven't looked back since).

You've retired on YMMSS income alone?

directly to my site at:

Unlike other programs, I will TALK to you, and answer ANY questions you have.

Thanks!!

Gary, feel free to use the suggestion to MAL on recapture of investment and then taking profit and reinvesting at the same time in your new E-book. The compounding and re-investment in our YMMSS program will provide unbelievable results, especially for small investors. Even if one uses a 65 day cycle. Here is an exercise you can do which I think demonstrates just how powerful YMMSS is. All of us have some sort of a personal savings account. You might want to use it in your new E-book.

Exercise:

Use 1 year and 1 month = 6 cycles [1 cycle=65 days]. Use an initial investment of \$320. Keep 1st cycle payout of \$320 as return of investment. For cycles 2,3,4,5 and 6 re-invest \$160 into 6 EPC's and keep the other \$160 cash.

I am not going to tell you the value of your investment in cash and 32EPC and 16EPC's at year-end. That's your home work. When you have the total value calculated, determine how much savings you would need in your savings or IRA account at 5% per annum to generate what that one [1] 32EPC position generated for you in year. You will now really appreciate YMMSS.

IF you continue for one more year I will tell you'll be out of the "jungle" and on the yellow brick road by the end of the 2nd year. As I have said before there are no guarantees. You can help by supporting YMMSS by not Spamming, following our guide lines, helping fellow members, and making use of the best advertising medium in the world.

Few internet programs last more than 6 months. We are in our 2nd year. Our growth rate is increasing as more and more nay-sayers reluctantly agree that YMMSS REALLY IS AS GOOD AS IT LOOKS !!

Have a Happy New Year [I know you will have a profitable one]

Yes.

What work did you do before retiring?

I worked as a sales assistant with a Power Transmission Company called Wyko/Fenner Ltd.

YMMSS is now a complete success. Visit my "stats" site for [proof](#).

Wow! Don't ever let anyone tell you YMMSS isn't the BEST safelist on the planet. In the first 36 hours I had 75 requests for information and 18 signups from my ad. The latest numbers are 90 requests and 24 signups in 60 hours.

This is unprecedented! This is over a **27% conversion rate** from those that responded. When was the last time you got even 5% from a safelist ad? When was the last time you READ a safelist ad other than one from YMMSS?

YMMSS rules! We have the best safelist, the best people, and a great affiliate program. Why go anywhere else?

Susan Critelli
momzilla@[remove]netzero.net

Later Susan added this: In fact, eventually the numbers in the case of this particular ad were even higher. They were so ridiculously high that I lost track.

The next thing to do is to share it with others you love who need help in getting out of the "jungle". Could be compared to teaching them "how to fish". Do not guarantee anything to them -- ever. This is a man made program, dependent on man.

It, however, is the **best, most honest, easiest, generous, transparent** path out of the "jungle" I have ever seen and further more it is run by a real Christian in Kim Inman. I drove about 900 miles to meet Sue and him at his home in June.

Jim
